Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Districts preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. **4-WAY RANCH METROPOLITAN DISTRICT NO. 1  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2020**

**NOTE 1 – DEFINITION OF REPORTING ENTITY**

4-Way Ranch Metropolitan District No. 1 (District), a quasi-municipal corporation was organized in 2005 and is governed pursuant to provisions of the Colorado Special District Act. The District's service area is located in El Paso County, Colorado. The District along with the 4-Way Ranch Metropolitan District No. 2 (District No. 2) (known collectively as "the Districts") were established to develop and provide financing, construction, acquisition and installation of street improvements, water and sanitation infrastructure and other improvements within the boundaries of the District. The District is governed by an elected Board of Directors.

The District has no employees and all operations and administrative functions are contracted.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The more significant accounting policies of the District are described as follows:

**Government-wide and Fund Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues, and business-type activities rely to a significant extent on fees and charges for support.

The statement of net position reports all financial and capital resources of the District, the difference between the assets and deferred outflows and liabilities and deferred inflows of the District being reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital

**4-WAY RANCH METROPOLITAN DISTRICT NO. 1**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020**

requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental and proprietary funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Depreciation is computed and recorded as an operating expense. Expenditures for capital assets are shown as increases in assets and redemption of bonds and notes are recorded as a reduction in liabilities.

The District has elected to follow Governmental Accounting Standards Board pronouncements in both the government-wide and proprietary fund financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation paid. All other revenue items are considered to be measurable and available only when cash is received by the District.

The proprietary fund of the District distinguishes *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. Operating revenues consist of charges to customers for service provided. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses or capital contributions.

The District reports the following major governmental funds:

The *General Fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Debt Service Fund* accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

**4-WAY RANCH METROPOLITAN DISTRICT NO. 1**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020**

The District reports the following major proprietary fund:

The *Water Enterprise Fund* accounts for the activities related to providing water service to District residents. In 2018, the activity of the fund was transferred to District No. 2 therefore, no significant activity has been reported for 2019.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

**Budgets**

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

Supplementary appropriations were approved by the District for the General Fund. The District's amended 2020 Budget budgeted a deficit which may be a violation of State Budget Law.

**Pooled Cash and Investments**

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each funds' average equity balance in total cash.

**Cash Equivalents**

For purposes of the statement of cash flows, the District considers cash deposits and highly liquid investments (including restricted assets) with a maturity of three months or less when purchased, to be cash equivalents.

**Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District does not have any items that qualify for reporting under this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element,

**4-WAY RANCH METROPOLITAN DISTRICT NO. 1**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020**

deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Deferred property taxes are deferred and recognized as an inflow of resources in the period that the amounts become available.

**Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April 1 or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflows of resources in the year they are levied and measurable. The deferred property tax revenues are recorded as revenue in the year they are available or collected.

**Fund Equity**

Fund balance for governmental funds are reported in the categories listed below to make the nature and extent of the constraints placed on a government's fund balances more transparent. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable fund balance—the amount of fund balance that is not in spendable form (such as inventory or prepaids) or is legally or contractually required to be maintained intact.

Restricted fund balance—the amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

Committed fund balance—amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority (i.e., Board of Directors). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint.

Assigned fund balance—amounts the District intends to use for a specific purpose. Intent can be expressed by the District Board of Directors or by an official or body to which the District Board of Directors delegates the authority.

Unassigned fund balance—amounts that are available for any purpose. Positive amounts are reported only in the General Fund.

**4-WAY RANCH METROPOLITAN DISTRICT NO. 1  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2020**

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the District Board of Directors has provided otherwise in its commitment or assignment actions.

Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by Statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2020, the District's cash deposits had a bank balance of \$19,142 and a carrying balance of \$15,165.

**Investments**

The District has not adopted a formal investment policy, however, the District follows Colorado State Statutes which specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

As of December 31, 2020, the District had the following investments:

Fidelity Treasury Fund	Weighted average of 32 days	<u>\$ 53,001</u>

The Amending Bond Resolution amends certain terms of the Series 2011B Bonds as follows:

2. discharges all of the accrued interest outstanding to a balance of \$0 as of the date of the Amending Bond Resolution and

As of December 31, 2020, the District had authorized but unissued debt of \$236,000,000. The District's First Amendment to the Consolidated Service Plan limits the Districts' general obligation indebtedness to \$74,000,000. The District did not budget to issue any bonds in 2021.

**NOTE 5- FUND EQUITY**

At December 31, 2020, the District reported the following classifications of fund equity.

**Nonspendable Fund Balance**

**4-WAY RANCH METROPOLITAN DISTRICT NO. 1**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020**

The nonspendable fund balance in the General Fund in the amount of \$2,478 is comprised of prepaid amounts which are not in spendable form.

**Restricted Fund Balance**

The restricted fund balance in the amount of \$850 in the General Fund is comprised of the Emergency Reserves that have been provided for as required by Article X, Section 20 of the Constitution of the State of Colorado (see Note 8).

The restricted fund balance in the Debt Service Fund in the amount of \$55,862 is to be used exclusively for debt service requirements (see Note 4).

**Deficit Fund Balance**

The unassigned deficit fund balance in the General Fund of \$19,312. The deficit in the General Fund is expected to be covered by property taxes collected in future years.

**NOTE 6 - NET POSITION**

The District has net position consisting of two components –restricted, and unrestricted.

Restricted net position includes amounts that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2020 in the amount of \$850 comprised of the Emergency Reserves that have been provided for as required by Article X, Section 20 of the Constitution of the State of Colorado (see Note 8) and \$52,662 restricted for debt service as required by the 2011A and Series 2011B Bonds (see Note 4).

The District has a deficit in unrestricted net position in the Governmental Activities. The Governmental Activities deficit is a result of the District being responsible for the repayment of the general obligation bonds issued without owning the corresponding capital assets that were constructed. The District anticipates that that the deficit will be reduced each year as the long-term debt of the District is repaid.

**NOTE 7 – RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions, or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2020. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property and public officials' liability. In the event aggregated losses incurred by the Pool exceed amounts recoverable

**4-WAY RANCH METROPOLITAN DISTRICT NO. 1**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020**

from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**NOTE 8 - TAX, SPENDING AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations that apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

On November 1, 2005, the District's electors approved the following ballot question:

SHALL 4-WAY RANCH METROPOLITAN DISTRICT NO. 1 TAXES BE INCREASED \$1,000,000 ANNUALLY, OR BY SUCH LESSER ANNUAL AMOUNT AS MAY BE NECESSARY TO PAY THE DISTRICT'S OPERATIONS, MAINTENANCE, AND OTHER EXPENSES: SUCH TAXES TO CONSIST OF AN AD VALOREM MILL LEVY IMPOSED WITHOUT LIMITATION OF RATE OR WITH SUCH LIMITATIONS AS MAY BE DETERMINED BY THE DISTRICT BOARD, AND IN AMOUNTS SUFFICIENT TO PRODUCE THE ANNUAL INCREASE SET FORTH ABOVE OR SUCH LESSER AMOUNT AS MAY BE NECESSARY, TO BE USED FOR THE PURPOSE OF PAYING THE DISTRICT'S OPERATIONS, MAINTENANCE, AND OTHER EXPENSES; AND SHALL THE PROCEEDS OF SUCH TAXES AND INVESTMENT INCOME THEREON BE COLLECTED AND SPENT BY THE DISTRICT AS A VOTER-APPROVED REVENUE CHANGE IN 2005 AND IN EACH YEAR THEREAFTER, WITHOUT REGARD TO ANY SPENDING, REVENUE-RAISING, OR OTHER LIMITATION CONTAINED WITHIN ARTICLE X, SECTION 20 OF THE COLORADO CONSTITUTION, OR SECTION 29-1-301, COLORADO REVISED STATUTES, AND WITHOUT LIMITING IN ANY YEAR THE AMOUNT OF OTHER REVENUES THAT MAY BE COLLECTED AND SPENT BY THE DISTRICT?

However, the District's Consolidated Service Plan, as amended on December 29, 2009, imposes the following cap for the general operations mill; in addition to applicable statutory and constitutional limits, each District shall have a limited additional operational mill levy cap of 10.0 mills (with Gallagher increase adjustments available subject to electoral approval and the "de-TABORing" of the debt), to support the Districts' operational and maintenance services, which are described in greater detail below.

**4-WAY RANCH METROPOLITAN DISTRICT NO. 1  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2020**

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

**NOTE 9 – CONTINGENCIES**

**4-Way Ranch Metropolitan District No. 2 and 4-Way Ranch Joint Venture, LLC**

On April 11, 2018, a lawsuit was filed in the District Court for El Paso County, Colorado against previous board members, 4-Way Ranch Metropolitan District No. 1 and 4-Way Joint Venture, LLC. The lawsuit was filed by property owners within the District challenging the actions of the then-current developer-controlled Board of Directors. The directors at the time were subject to pending recall elections brought by substantially all of the homeowners and residents of the District. Immediately prior to the recall election in which it appeared certain that they would be recalled, the directors approved the exclusion of substantially all of the developer-owned property from the District and the transfer of substantially all of the District's water distribution system to another District that they controlled, 4-Way Ranch Metropolitan District No. 2. Subsequent to the May 2018 elections, the District, under the control of an elected Board consisting of homeowners and residents, realigned itself to be a plaintiff in the action against 4-Way Ranch Metropolitan District No. 2 and 4-Way Ranch Joint Venture, LLC.

No monetary damages are sought in this litigation, which seeks declaratory relief, although both parties may seek costs and/or attorney fees. If the District is unsuccessful in the litigation and cannot reach a satisfactory settlement, the vast majority of the District's future tax base will be removed from the District. Although the excluded property would continue to be responsible for debt service on the existing debt, in the event the existing debt was refinanced the District would not be able to rely on that tax base for debt service of the refinanced debt. In addition, the excluded property would no longer contribute to the District's tax base for operations, which would dramatically reduce the District's ability to fund its services in the future.

In September 2020, the District entered into a Settlement Agreement with 4-Way Ranch Metropolitan District No. 2 (District No. 2) and 4 Way Ranch Joint Venture, LLC. The purpose of the Settlement Agreement is to memorialize the terms of agreement that the parties have reached regarding all claims of the case discussed above. The parties have agreed as follows:

1. The parties will mutually dismiss with prejudice all claims in the case against each other.
2. District No. 2 agrees that it will, at its sole cost and expense, issue new bonds that will be subject to an ad valorem tax against property owners within the boundaries of District No. 2 and will obtain a discharge of the debt of the Series 2011B Bonds from the current bond holders. District No. 2 agrees to use best efforts to accomplish the forgiveness of the Series 2011B Bonds by the end of 2020.
3. Plaintiffs, property owners within the District and the Joint Venture property will continue to be responsible for debt service on the 2011 A Bonds in the remaining principal of approximately \$490,000 plus accrued interest since June 1, 2020. The current reserve balance of the debt service fund of the District (approximately

**4-WAY RANCH METROPOLITAN DISTRICT NO. 1**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020**

\$50,000) will continue to be used for payment of the 2011A Bonds. Of the total cost of every new water tap within the District or District No. 2, \$4,000 will continue to be collected by District No. 2 and remitted to the District as pledged revenues toward repayment of the 2011A Bonds as provided in the bond documents until the 2011 Bonds are paid in full. See Note 4 for discussion of Amended Bond Resolution that was approved on December 28, 2020.

4. Residential property owners remaining in the District shall have the option to request exclusion from the District according to statutory procedures. All excluded property owners from the District shall be responsible for debt service of the 2011A Bonds after exclusion.
5. The judgment obligation of the District to KO1515 in El Paso County District Court civil case is to be transferred to District No. 2. The District will be relieved from this obligation. During 2020, the obligation in the amount of \$81,971 has been removed from the District's Proprietary Fund.
6. The obligation of the District for performance of the Stapleton Road IGA, dated March 30, 2010, is hereby assigned to District No. 2.
7. District No. 2 will make no claim to the approximately amount of \$15,000 in the District's proprietary fund that was designated for water service. During 2020, the Proprietary Fund transferred \$16,125 to the General Fund in accordance with this Settlement Agreement.
8. 4 Way Ranch Joint Venture, LLC will pay the plaintiff's counsel the sum of \$50,000 as payment toward its costs and attorney fees.

On December 28, 2020, the District entered into an Intergovernmental Agreement for Refunding of Subordinate Bonds with District No. 2 (IGA). The IGA was entered into to modify some of the terms of the Settlement Agreement to effectuate the intent of the parties despite the pendency of the appeal of the case discussed above. Contemporaneously with this Agreement, the District agrees to re-issue the Series 2011B Bonds to modify the terms as follows: 1) the principal amount of the Series 2011B Bonds will be reduced from \$2,450,000 to \$500,000; and 2) accumulated interest prior to the date of re-issuance shall be waived and no longer be an obligation of the District and; 3) the District and the Waterbury property excluded from the District will continue to be responsible for the pledged revenues to service the debt imposed by the 2011A and Series 2011B Bonds, as set forth in the existing Series 2011 Indenture, including both the continuance of the pledge or the limited tax obligation and the \$4,000 per lot as pledged therein and; 4) the interest rate of the Series 2011B Bonds after reissuance shall be reduced from 9% per annum to 8% per annum and; 5) the intent of the parties is that the re-issuance of the 2011B shall constitute a taxable event allowing the holders of the Series 2011B Bonds to realize capital gains or losses as applicable and; 6) to the extent reasonably necessary, the District and District No. 2 shall cooperate with bond counsel to execute such documents to reflect the above intent of the transaction and; 7) the District will take such actions as necessary to request that the El Paso County Assessor create a tax district consisting of the remaining property in the District plus the excluded Waterbury Property which will impose the required mill levy to provide debt service pledged revenues for both the 2011A Bonds and re-issued Series 2011B Bonds and; 8) District No. 2 agrees to pay all reasonable costs of the Series 2011B Bonds re-issuance transaction including the cost of retaining bond counsel, underwriting counsel and to reimburse the District for the cost of the District's general counsel and the District's accountant for professional services and opinion of general counsel required to complete the transaction not to exceed \$10,000 and; 9) after the reduction in principal and re-issuance of the subordinate bond

**4-WAY RANCH METROPOLITAN DISTRICT NO. 1**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020**

has occurred, District No. 2 agrees (at its sole cost and expense) to initiate the process to take on the obligation for debt service and payment of the new bond. This will occur through the cancellation of the newly re-issued subordinate bond, and the issuance of a new bond by District No. 2 covering the property within District No. 2 boundaries only. This transaction will be implemented as soon as practicable and will be completed in any event not later than December 1, 2021 and; 10) in the event that District No. 2 is unable to issue the bonds to replace the Series 2011B Bonds on or before December 1, 2021, District No. 2 agrees to reimburse the District on an annual basis beginning on December 1, 2021, for the debt service due and owing for that year on the Series 2011B Bonds.

On December 28, 2020, the District approved a Resolution Relating to Amendments to the Resolution Authorizing the District's Subordinate Limited Tax General Obligation Bonds, Series 2011B in accordance with the requirements of the Settlement Agreement and IGA with District No. 2 (see Note 4).

**Woodmen Hills Metropolitan District**

In October, 2019, the District received a letter from Woodmen Hills Metropolitan District that asserts a breach by either the District, 4-Way Ranch Metropolitan District No. 2, and/or developer of the 2014 Wastewater Intergovernmental Agreement with Woodmen Hills. The District believes that any breach of this agreement is not the responsibility of the District, as performance under the IGA was assigned by the former directors of the District to 4-Way Ranch Metropolitan District No. 2 (with the consent of Woodmen Hills) in about March 2018. Accordingly, the District does not intend to defend this claim and intends to look to 4-Way Ranch Metropolitan District No. 2 and/or the developer for defense or indemnification. In April 2020, Woodmen Hills issued a Colorado Open Records Act request to obtain documents related to the developer's obligations, agreements, and property. However, there have been no further claims against the District regarding this matter.

**KO1515, LLC**

On April 15, 2021, the District received notice of a lawsuit that was initiated by KO1515, LLC in the District Court for El Paso County, Colorado against the District and its Board of Directors. KO1515, LLC owns commercial property within the boundaries of the District. The lawsuit seeks to invalidate a fee resolution that was adopted by the District's Board of Directors on March 18, 2021 imposing certain facility fees on property within the District. The litigation does not seek damages or a refund of any amounts previously paid. The District believes that the action is without merit and is defending this action, but is also negotiating with the property owner in an attempt to resolve the matter. If the District is unsuccessful, the outcome of this litigation could result in the District not being able to collect certain fees in the future. Because none of the fees that would be affected are included in the District's financial statements, the District does not believe that the outcome of this litigation will have a material effect on the District's financial condition.

This information is an integral part of the accompanying financial statements.
